BELL-LEAF RECEPTION IS GIVEN

A social function of prominence was the fourteenth annual reception of the Connellsville Masonic Association held last evening in the Masonic temple, 215 North Third street, in commemoration of Washington's birthday. The affair was well attended and was attended by two hundred and ten guests. Instead of the three-day banquet, an elaborate dinner was served by Caterer, Kuhn of Pittsburgh. Another new feature of the reception was a reading, lasting 35 minutes, by Miss Margaret Spaul, a drama reader of note. Miss Spaul's rendition of "The Story of the Three Kings," was greatly enjoyed by the guests. In addition to reading, Miss Spaul impersonated the eight characters of the play with wonderful ability. Following the entertainment, by Miss Spaul, cards and dancing were indulged in, the tables being arranged in the parlors on the third floor. A series of eight-piece orchestra furnished the music and the conversation of the guests was the most popular feature. His capable musicians were never better. The program included all the newest and popular dance hits of the season. Following the card games the five hundred prizes were awarded to Mrs. E. R. Peto, Mrs. F. B. Zimmerman, Mrs. L. T. Spring Millinery Opening. Despite the inclement weather the annual spring millinery opening of the Wright-Metzler company which is being held today is attracting many feminine seekers of fashion from Connellsville and vicinity. The spacious and beautiful millinery parlors, of which Miss Harriet Ridgeway is manager, never had on display a more exclusive showing of most authentic fashions in millinery for spring and summer. There are styles to please the most fastidious buyer. Never were there as many models to select from. The telephone, transparent, hat and patent leather models, which are decidedly new and smart, were shown in a wonderful variety. The face hat, the short back sailor and smart sailors, with colored facings, attracted much attention, as did the charming sport hats, which will become more popular as the season advances. These were shown in the new shades of blue, purple and other popular colors. The prevailing trimmings are flowers, shellacked wings and quills, while there straw is used in fashioning many of the smartest models. The jaunty tricorne hat, which will be extremely smart for more tailored wear, is shown in all the season's favored colors.

Etan Officials Meet. Directors and officers of the Etan Connellsville Coke company were the guests of Joseph D. Ehard, president of the company, at an oyster dinner, served last evening at 6 o'clock at the Ehard home in North Pittsburg street by Mrs. J. L. Rodriguez, daughter of the host. All of the official corps, 11 of them, were at the table. This was the second annual dinner given by Mr. Ehard. If possible, it surpassed the first.

Don't Rob Your Body and Purse

Mrs. Housewife, the majority of persons are unconsciously robbing their bodies and pocketbooks by not eating enough Bread.

More Bread-eating means more health and less table costs. Bread is the one food that meets every need of the inner man or woman—young or old.

Besides, Bread is economical.

Take a pad and pencil. Compare the cost of a pound-and-a-half of Bread and six pounds of steak or eight eggs. Some difference?

Yet each supplies the same amount of energy.

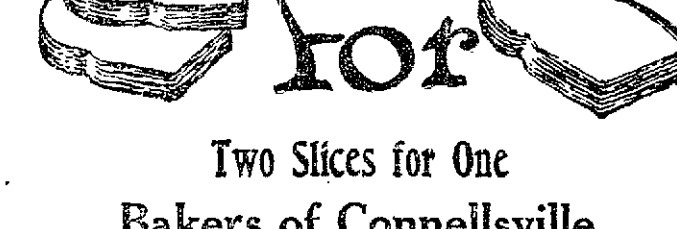

Bread deserves a more prominent place on your table.

Delicious dishes—tempting ones—can be made from Bread with little cost.

Bread is your Best food—Eat more of it.

Connellsville-baked Bread is Bread at its best—always wholesome, tempting and highly nutritious.

Eat it—

Del Rio Petroleum Corporation A Successfully Managed Producing Co.

30 Wells, 2,500,000 cu. ft. Casing Head, Gas Rich in Gasoline
2,340 Acres in W. Va. 59,000 Acres in Texas

We are advising all our clients to take advantage of the present offering of Del Rio at \$6.50 a share. Even if you have bought some, we advise you to buy more. Del Rio has advanced to the stage where it is no longer an experiment. Pennsylvania crude oil is selling at \$5.50 a barrel and will probably go much higher. This fact should assure Del Rio as a dividend paying company for years to come.

Del Rio's huge territory of 59,000 acres of carefully selected, geologically approved area in Texas will be developed along with our West Virginia property and holds out the promise to our stockholders of huge profits.

We urged our clients to buy Cosden & Company at \$4.00, \$5.00 and \$10.00, etc., and it went to \$28.00. We urged them to buy Carib Syndicate at \$25.00, etc., and it touched \$5650.00. Our Mound Company, we have refused \$600.00 a share for. The same holds good about Del Rio—WE NOW URGE YOU TO BUY DEL RIO ALL THE WAY UP. It has the earmarks of a great success and we firmly believe the stockholder, who buys now and does not sell at a small profit will congratulate himself that he held on. The extent, character and location of the company's holdings assure Del Rio's success.

It is estimated by Clark & Krebs, eminent geologists and engineers, that Del Rio's annual earnings from the present and potential production will amount to \$2,212,800.00, or over 70% on outstanding stock. The earnings from oil producing properties will steadily increase. There is no more staple business than that of oil. There is no business that holds out the same prospects for quick and certain results.

Del Rio is steadily driving ahead along the lines of our other successes and when offered for public trading on the New York Curb, we expect the same broad, advancing market as obtained when Cosden & Co., and Carib Syndicate made their appearance. Cosden & Company and Carib Syndicate jumped into prominence before the public woke up. Buy Del Rio now. Don't wait until the public is scrambling for it. Del Rio is a purchase for large profits.

THREE WELLS TO BE DRILLED TO THE
FAMOUS SPEECHLEY SAND

Wells will be drilled on the following leases, from which have been reserved by the owners of the land a one-eighth (1-8) royalty of all the gas and oil produced, to-wit:
One well on farm known as the A. M. Fuller homestead, containing 115 acres.
One well on farm of John A. Carson, containing 60 acres, situated about one mile west of town. Near well on Fuller property where oil was found years ago.
One well on farm known as Joseph Thompson farm, owned by Peter Bihenes, containing 13 acres, situated about one mile east of town. This lease is just on west side of the large Fayette anticlinal and in direct line with producing well of Greensboro Gas Co.

Wells will be drilled down through the Speechley sand, unless gas or oil is found in paying quantities at a less depth. Shareholders participate in all three wells and in leases on which the wells are drilled.

Positively no profits to promoters, or pay for time or labor if wells are dry. Six hundred and fifty shares will be sold and any money left on hands after wells are completed will be returned pro-rata to those who have purchased shares.

This is an opportunity to get in on the ground floor of a proposition that is fair to all. Do not fail to note the small capitalization, the large acreage, the fact of the wells being put down at cost and that each share-holder not only participates in the wells but in the leases also.

Those who first develop a paying field always reap the largest harvest. The people who took what they considered a "big" chance with Foster at McKeesport, before it was proven territory, are getting the "big" checks now. Think what a well equal to the McKeesport gusher would mean to this partnership.

GAS DIVIDENDS

\$1.25 Per
Share
20 Wells

The McKeesport
Consolidated Gas & Oil Co.
DECLARES ITS FIRST DIVIDEND

\$1.25 Per
Share
20 Wells

At a meeting of the Board of Directors of the McKeesport Consolidated Gas & Oil Company held at the company's office in the Union Arcade Building, Pittsburgh, Saturday, February 7, a five per cent initial dividend was declared to be paid from the production of number one well that came in January 11 on the Hamilton lease, to be paid May 1st.

The company has adopted a policy of paying dividends from each well in the order that they are brought in. There are 19 other wells to be drilled in the present drilling campaign.

The Company's number two well is located 80 feet from the 20,000,000 foot Foster Stone House well, and the number three is located as an offset to the Philadelphia Company's gusher, and the Pittsburgh Drilling Company is the contractor for this well.

Number Four and Five will be drilled on the Ananda Foster Farm, Number Six and Seven on the Hamilton lease; Number Eight on the Amberst Terrace, and Number Nine on Rowman Hairs.

The remaining wells of the 20 will be drilled on the Hamilton lease and the Foster lease and the Derry and Donegal township tracts to the best advantage, and will be drilled as rapidly as the contractors can get the rigs built.

The Directors also authorized the statement that the company has 1,500 acres of additional selected leases in Allegheny and Westmoreland counties, thus giving the company an immense acreage for future drilling.

20—WELLS—20

I OFFER SUBJECT TO PRIOR SALE ANY PART OF 100,000
SHARES AT \$1.25 PER SHARE

Being guided by our locations, so close to other Gushers, we have every reason for sincerely believing that all of our wells will "come in" with gusher production.

One \$150 share in the Foster-Brendel Well has averaged a return of \$5,000 per month for the past four months.

This well is averaging \$225,000 per month since it was "brought in" last September.

Other wells such as the Pitts Well, the Lamp-Acid Well, Dutcher No. 1, the Foster Stone House Well, and a score of others, are all earning enormous dividends for their stockholders.

The McKeesport Consolidated Gas & Oil Company offers YOU this opportunity to "get in" on the ground floor. Decide now how many shares you want—all in the subscription blank below and mail it in with your check.

At the Theatres

"HITCHY KOO," FAR-FAVED

FAIRCE, AT 8:10-SON FEB. 26
The one best bet of the whole theatrical season, as far as musical comedies are concerned, is "Hitchy Koo"—that far-famed hodge-podge of fun, music and girls, which Raymond Hitchcock and Martin Sampter will unfold at the Saison theatre Thursday night only, February 26. The fact that this production of "Hitchy Koo" is guaranteed the original one, direct from the record-breaking run of two solid years in New York with scenery and costumes absolutely intact, probably accounts for the extraordinary interest this city is taking in the engagement here. It looks as if "Hitchy Koo" would be greeted by the biggest audience that has turned out to see a road attraction in this city since before the war.

The audience is requested to be in the theatre not later than 8:10 as owing to the magnitude of the production the curtain will rise promptly at 8:15—and before this happens a surprise in the midst of the audience itself, a "stunt" that is said to be quite the funniest thing ever conceived in the brain of a musical comedy creator. The cast contains such well-known names as Stan Stanley, L. L. Leeming, Vera Gray, Dan Soper, Mabel DeForest, Junata Gunn, John, John Haw, Frank Cornell, Forest Shuman, Helen Collins, Jim DeForest, Geraldine McWilliams, Christine Mansfield, Lillian Washburn and a chorus of 16 Sweet Sixteens. The company has its own orchestra. It is positively the same attraction that plays Pittsburgh.

The Saison.
"Back to God's Country"—One of the most novel, beautiful and thrilling films ever made, a tale of love and

villains in the wilds, adapted from "Wapi, the Warrior" by James Oliver Curwood, will be shown Monday, Tuesday and Wednesday of next week.

The Saison.
"The Phantom Melody"—A romantic drama, with its scenes laid in modern Italy, is being presented today. It is rich in colorful back grounds, tense with powerful situations and its plot is sure to keep any audience interested. Monroe Salisbury is seen in the leading role.

The Paramount.
"Under Suspicion"—With Or. Carey, Forest Stanley and Charles Clay in the principal roles, is today's feature attraction. The story concerns Betty Stoddish, who cannot resist the feminine impulse to reform a man. Only this man, whom Betty meets after a burglary, is in reality a very nice young man.

Mount Pleasant Opera House.
"The Shepherd of the Hills"—The introduction of this most popular American novel into the world of motion pictures is causing a sensation, in a field where the ability to produce the best, has long ago been raised to the nth power. At the Grand Opera House, Mount Pleasant, Monday and Tuesday, February 22 and 23, both at 8:00 and 10:00.

TAILORED MODELS PREDOMINATE

WOMEN'S and MISSES' SPRING GARMENTS

And in order for a Woman or Miss to express her individuality in her selection of the tailored fashion most suitable for her, the proper one to consult is a High Class Ladies' Tailor who is trained in the art of building tailored garments. Of course you will select the style and cloth most pleasing to you—but the tailor must put the snap and grace in the garment, and by having us tailor your garments to individual measure we draft the garment to your figure, which means every detail will be perfect. No matter how careful a stock garment is altered, the original snappy lines are lost in the alteration—because a fashion can only be properly designed once in a garment and that means the original lines can not be changed.

We Tailor-To-Order the Finest and Snappiest SUITS, COATS AND SKIRTS

Taking Care of Fabrics

Perhaps most people do not know it, but it's a fact nevertheless that soiled fabrics of any character, will wear twice as long if kept clean. Of course there is an art in preserving fabrics, and if this work is done by those who know how, the housewife has little to worry about, in keeping house-furnishings looking new and span. On the other hand it is cheaper to have these things kept bright and clean by those who know how. A telephone call will bring a representative right to your home.

THE TYRONE GAS & OIL CO.

Of interest to the investing public of Connellsville, Dawson, Vanderbilt and Dickerson Run.

We are now ready to dispose of stock in a Gas or Oil well to be drilled near Dawson. We have two leases, containing about 20 acres, close to the old Cochran well near Dawson. (This well was only drilled to about 1,800 feet—we propose to drill to the Speechley sand.)

The shareholders will receive 7-8 of all Gas or Oil produced from this well. If the well should come in a duster all unused money will be returned to the shareholders pro rata per share.

Shares Are \$50.00 for Full Share or \$25.00 for 1/2 Share.
Capital \$30,000.
